2022 SCHOOL YEAR - COVID-19 UPDATE - 6th January 2022

To All in our School Community,

Welcome to 2022. I wanted to make contact with all our families to assure them that our staff are already at work and planning for the 2022 school year. As of today, SA Health have advised it is too early to determine the settings under which students will return to school. I am monitoring this closely and will be in contact with parents promptly when we receive formal direction from SA Health. I do believe it is wise however to expect conditions and plans to continue to change and evolve over the coming weeks. This is something we have all been conditioned to over the last 2 years.

I have enormous trust in our staff who have been professional, adaptable and creative in managing student learning during the pandemic. Six key staff met today to pool the knowledge and resources we have gained over the last 2 years in preparation for this year.

You can expect to receive updates from me each week now in the lead up to the school year and I encourage you to check your emails for these updates. I will endeavour to keep you abreast of developments as we receive them from the Association of Independent Schools and SA Health. Please be aware that not everything presented in the media has been approved for schools by the two decision making organisations listed above.

I hope all of our students and families are able to use the remainder of the summer holiday break in a safe and relaxing way. I hope to be able to provide you with an update by the end of next week.

Blessings,

DAVID FIELD
Principal
