

Maitland Lutheran School

Enriching Education – Embracing Community

"Feed My Lambs" John 21:15

17th November 2020

IMPORTANT INFORMATION – PLEASE READ

Dear Parents,

Following recent developments with the Parafield Covid cluster a number of school events have been affected. These are listed below:

- The YP Concert Band tour that involved some of our students has been cancelled
- SAPSASA Athletics that involved some of our students has been cancelled
- Hot Shots tennis (with our team in the state finals) has been cancelled

We will be receiving regular updates from SA Health and the South Australian Independent Schools Association. As with earlier in the year we will follow these recommendations closely understanding they are subject to change and relay information to parents promptly.

The safety of your child/children will be at the forefront of all our decision making. A couple of upcoming events and their current status are listed below for your consideration:-

- The final transition day for 2021 Foundation students next week is CANCELLED (specific health advice from SA Health on all transition programs in schools)
- It is highly likely that our Instrumental Music and Concert Band evening scheduled for Wednesday next week (25th November) will be moved to during the school day and performed in front of classes. This will be recorded for the school community to watch (more information will be provided on this)
- Current medical advice indicates that camps can go ahead. We are however checking for any restrictions around accommodation, tours and meals currently scheduled for our Year 8 Camp to Kangaroo Island to know if it is viable or not. More information to come.
- The Instrumental Information session for year 4 parents Wednesday 2nd December – we will provide more information at a later date.
- Our End of Year Service scheduled for Tuesday 8th December at 9:45am with invited year 9 parents currently remains in place.

I sincerely ask parents to partner with us and help to keep the essential parts of the school day running. We do ask that adult time on site is restricted to the bare minimum in the mornings during drop off and afternoons for pick up.

Blessings
David Field
Principal
