COVID CLOSURE

Dear Parents,

No doubt you have heard of the State Government COVID lockdown from midnight tonight. As of tomorrow (Thursday 19th November), there are no buses and the school will be closed up to and including Friday 20th November. We believe we will need to be closed next Monday and Tuesday as well.

I suggest anyone who can not organise care for their child because they have to attend work, to contact me personally on 0419850978 **after 4:30pm this afternoon.**

As of the time of writing, it is unclear if our OSHC workers or staff are even able to attend the school site. In the short time frame given we are trying to get as many devices home with students as we can. We will be unable to go below year 3 with this today and ask that some siblings to share. It is vital that these are looked after and returned to school this year. I understand Government schools will commence some online learning from next Wednesday. We will update you again soon on any online learning but this will not occur prior to next Wednesday. Please keep an eye on your emails, phone, the schools website and Facebook page for further updates.

As with earlier this year, we will do our best to update you and provide the best learning for your child.

Things are a little frantic today but I expect we will have some clarity we can share by tomorrow.

Blessings to all our families as they prepare for this challenge.

David Field
Principal
